Builder.ai

Case study

About Client

Builder.ai is an AI-powered software development engine that enables businesses to create custom applications tailored to its needs, bypassing the limitations of generic solutions and optimising functionality for niche markets and innovative ventures.

Challenges

Building an app can be tough and time-consuming, especially for smaller businesses that don't have tech experts on hand. Builder.ai solves this by offering easy-to-use templates that let businesses create their own apps without needing to know how to code. Builder.ai aims to enhance its visibility and market presence.

YOURSTORY

Solution Offerings

1. We proposed partnering in our flagship event, TechSparks, across Bengaluru, Delhi, and Mumbai.
2. Builder.ai featured a keynote speaker to highlight its services and sponsored Tech30 in Bengaluru, engaging brands individually to explore collaboration possibilities.
3. Its custom-designed exhibit booth garnered the highest foot traffic at all three events, maximising exposure and potential partnerships.

Impact/Results

During the TechSparks events in Bengaluru, Delhi, and Mumbai, Builder.ai achieved significant engagement:

1. The keynote session attracted 1,016 attendees, highlighting its services.
2. Its premium exhibit booth spaces garnered the highest visitor interaction.
3. At Tech30, it conducted personalised meetings with all participating companies, facilitating potential collaborations with contact details exchanged for follow-up discussions.

About Client

Snowflake's Data Cloud lets organisations easily mobilise and share data with high performance and scalability across multiple public clouds. It supports data warehousing, lakes, engineering, science, application development, and sharing, unifying siloed data and enabling powerful analytics.

Challenges

Snowflake wants to boost its brand visibility and engagement in the Indian startup community. It wants to showcase its Data Cloud solutions. Focus on creating engaging content like articles, videos, and events to highlight real-world use cases. The goal is to connect with startups and entrepreneurs, demonstrating Snowflake's value.

YOURSTORY

Solution Offerings

YourStory elevated Snowflake's presence by onboarding it to sponsor TechSparks in 2022 and 2023, engaging attendees directly.

It spotlighted Snowflake's Data Cloud solutions through sector-specific case studies and fintech roundtables in Delhi, Mumbai, and Bengaluru.

This highlighted Snowflake's prowess in financial services data, deepening its ties within the startup ecosystem.

Impact/Results

1. [Snowflake](#) significantly increased its brand recognition and market penetration in the Indian startup ecosystem.
2. Through TechSparks sponsorship and targeted content like case studies and fintech roundtables, Snowflake successfully demonstrated its capabilities in managing financial services data.
3. Moreover, an increasing number of customers requested case study videos, allowing them to share their success stories. In return, Snowflake gained valuable insights into how its solutions foster customer growth, further cementing its reputation as a trusted provider in the sector.

About Client

PhonePe Group is India's leading fintech company. Its flagship product, the PhonePe digital payments app, was launched in Aug 2016. Within a short period of time, the company has scaled rapidly. On the back of its leadership Pincodetal payments, PhonePe Group has expanded into financial services.

Challenges

Launch & visibility for PhonePe's indigenous appstore. PhonePe wanted to showcase & promote its first ever home-built appstore that will cater to Indian developers. It also wanted more visibility for the brand and its leadership, and to showcase the work that they are doing to the right audience.

YOURSTORY

Solution Offerings

We offered a gamut of content-led services to ensure the right information reached the relevant audiences.

We did multiple campaigns which included event sponsorships, media partnership for the client's launch event, a series of articles building a story about its product & its use cases, testimonial videos and series partnerships with various target audiences to ensure the reach was diverse

[Indus Appstore Launch](#) at
TechSparks Bangalore 2023

Impact/Results

1. PhonePe has extended its collaboration with YourStory through 6 different campaigns in the last year.
2. YourStory helped launch Indus Appstore for PhonePe with the Minister of IT himself, giving the brand a big boost & platform for maximum credibility.
