Google CEO Sundar Pichai to receive \$380 mn payout this week

Google CEO Sundar Pichai will receive a payout of about \$380 million later this week as the company's 353,939 restricted shares which he owns will vest. Pichai received the shares before his promotion to Senior Vice President of products in 2014. It'll be one of the largest single payouts to a public company executive in recent years, according to Bloomberg.
